Mr. Macklem's duties include overseeing strategic planning and coordinating the Bank's operations, sharing responsibility for the conduct of monetary policy as a member of the Bank's Governing Council, and participating in fulfilling the Bank's responsibilities for promoting financial stability. He also chairs the Financial Stability Board's Standing Committee on Standards Implementation. Biographical Note: Tiff Macklem

Richard Tiffany Macklem was born in Westmount, QC. (His parents named him Tiffany to honour the MD who delivered generations of Macklem babies. "It wasn't considered a girl's name when I was a child," he says. "My friends all called me Tiff.")

At Western, he earned an MA (1984) and a PhD (1989).

In between his two graduate degrees, Macklem spent a year at the Bank of Canada, Macklem returned to the Bank in 1989 after completing his PhD.

His current job at Finance is, tellingly, the same post that Mark Carney held before his ascendancy to Governor of the Bank in 2008. Many observers expect Macklem to be named his successor in 2015 when Carney's seven-year term ends.
